Intimacy Professional (Certification Pending)

Intimacy Professional Training & Collaborative Readiness

My job as an Intimacy Professional is to support artists in telling complex stories with care, clarity, and consent. I serve as a liaison between actors and production, helping directors realize their vision while choreographing movement that enhances believability. I work to build brave, collaborative environments where boundaries are honored, and creativity can thrive.

Completed Level 1 and Level 2 of Intimacy Directors and Coordinators' (IDC) Consent Forward Artist Certification Program, totaling 40+ hours of virtual training and live online sessions focused on intimacy professionalism.

Earned the Intimacy Professional Accelerator Certification, a year-long program including advanced intimacy choreography, national and international community engagement, and ongoing mentorship. Recently finalized the in-person intensive training through IDC's Intimacy Director Certification Program.

Jada's education has deeply prepared them to step into collaborative creative spaces with professionalism, sensitivity, and a strong foundation in consent-based practices. They are eager to support and contribute to artist-driven processes with care, clarity, and respect.

Education

University of Phoenix, MAED (emphasis on Adult Learning), 2006

Institute for Advanced Theatre Training, MFA Acting, 1996

New York University; Tisch and Gallatin Division; BA, 1990
